

CPSC Reopening Guidelines

Welcome back!

Exciting news! We are reopening on July 8th! We have worked very hard to make Connections a safe and welcoming environment and we will need everyone's help to make it so. Before you return for the first time a staff member will call you to review all of these procedures.

Before you come

- We will have morning sessions from 9-12 and afternoon sessions from 1:30-4:30. Each session will be limited to five members and one staff member.
- You will need to call us by 3 PM the day before to schedule a time to come in.
- We will ask you about any symptoms such as a cough or fever. If you are feeling ill, you will be asked to stay home.

Arriving

- We will call you in the morning to confirm that you are coming in and again ask about any symptoms you may be having, and as encourage you to take your own temperature.
- When the van arrives, the driver will take your temperature (touch free) and hand you a mask if you do not have one
- When you arrive at the center, a greeter will again ask how you are feeling and will have masks available. If you did not arrive by our van, the greeter will take your temperature.

Inside the Center

- Anyone entering the center must wear a mask.
- We will observe 6-foot distancing at all times
- You will be asked to wash your hands before taking your seat.
- There will be a place for your personal belongings in the office.
- The kitchen will be closed. You may bring your own food or beverages, but no food that needs preparation or heating up. We will have bottled water and prepackaged snacks available.
- We will have smoke/snack breaks. There will be a limit of two at a time in the smoking area and you will be requested to keep to social distancing guidelines during this time as well.
- When you depart, please maintain 6-foot social distancing as you exit the building and enter the van.

There is always some risk in any social gathering, but by following these procedures we hope to minimize these risks and allow our community to gather safely again. We welcome your input as we work together to develop ways to connect in this world in which we find ourselves.
